About the Maine Association of Chamber of Commerce Executives

The Maine Association of Chamber of Commerce Executives (MACCE) provides a forum where chamber executives meet to share ideas, network with peers, and build partnerships with other chambers of commerce across Maine. Members gain access to educational opportunities designed specifically for the needs of Maine's chamber of commerce executives through two yearly conferences, typically in the Spring and the Fall.

For decades, the Maine Association of Chamber of Commerce Executives has been a leader in promoting personal development and professionalism within the field of chamber of commerce management. The association has provided job-related educational programs for chamber presidents, executive directors, and members of the boards of directors of local chambers. This has occurred in group settings and through individual visits to specific chamber locations.

In addition, MACCE encourages professional development and offers scholarships to the U.S. Chamber of Commerce's Institute for Organizational Management. Through the organization, members gain access to other professional development opportunities designed specifically for the needs of chamber of commerce executives.

MACCE works closely with the Maine chamber community to ensure new chamber leaders can easily engage with peers; that local chambers collaborate so as not to "reinvent the wheel;" and in offering technical support when appropriate to local chambers.

About The Maine State Chamber of Commerce

Website: www.MaineChamber.org

MAINE STATE CHAMBER of COMMERCE

As the state's most influential business advocate, the Maine State Chamber of Commerce works to ensure a business climate in which Maine State Chamber members, large and small, can compete successfully in the local, regional, national, and world marketplaces.

Since 1889, the Maine State Chamber has been fighting to lower your cost of doing business. Through our Grassroots Action Network and OneVoice program, we work with a network of approximately 5,000 companies statewide that see the value in such a service and provide the financial support that keeps our access, advocacy, and leadership going strong. As Maine's Chamber, we make sure that the business environment of the state continues to thrive. The Maine State Chamber of Commerce advocates on behalf of their interests before the legislature and regulatory agencies and through conferences, seminars, and affiliated programs. Its advocacy efforts focus on seven central themes: tax policy, health care, energy/environment, workers' compensation, economic development, education, and government spending/budget.

Known widely as *The Voice of Maine Business*, the Maine State Chamber is a not-for-profit organization supported through membership dues and contributions. Our staff testify before the Maine Legislature and the state's regulatory agencies; intervene in adjudicatory hearings; draft business-oriented laws and rules; meet regularly with business and state decision-makers; and, keep members informed through newsletters, emails, alerts, reports, conferences, programs, seminars, and through personal contacts.

Maine State Chamber Program:

Alliance of Maine Chambers

Website: www.mainechamber.org/chamberalliance.php

The **Alliance of Maine Chambers** is unique within the chamber industry in the United States. It not only offers increased membership benefits to our existing members, but it also provides prospective members an added incentive to join a local/regional chamber. The Chamber Alliance looks to craft programs for Maine's small businesses to provide them with the same advantages of chamber membership that larger companies enjoy. In fact, through the Alliance program, small businesses that are currently members of a local chamber can join the Maine State Chamber at a special rate.

The Chamber Alliance program is designed to provide businesses with savings, discounts, and resources, which otherwise wouldn't be available. These programs provide some relief or benefit to both large and small businesses. If you have a program you would like us to consider for the Chamber Alliance, please contact us and let us know.

A partnership project with local and regional chambers of commerce, this alliance represents more than 17,100 businesses throughout Maine.

*Program participation requirements are current as of press date and may change without notice.

How can Local/Regional Chambers help keep young adults here in Maine to begin their careers and grow our economy? InternHelpME.com is a statewide internship-matching web-based program that links employers, students, colleges and universities. This unique program helps establish a critical link between students and prospective employers and in doing so will help keep young adults here in Maine to begin their careers and grow our economy.

Some resources we are able to provide for you are newsletter articles describing InternHelpMe.com and a logo linked to the InternHelpME.com website.
